Become a Certified American Tree Farm System Inspector

Help the Tree Farm Program get more good forestry on more private acres
by becoming a volunteer inspector.

2018 Tree Farm Inspector Certification Training Sessions

Wednesday, February 21, 2018. 8:30 AM - 12:00 PM.
Wyndham Gettysburg, 95 Presidential Circle, Gettysburg, PA

Wednesday, February 28, 2018. 11:30 AM - 2:30 PM. Forest
Resources Building, Room 217, Penn State University Park

Sponsored by: The Pennsylvania Forestry Association Tree Farm
Committee and Penn State Extension

Trainings are open to anyone interested in becoming certified by the American Tree Farm System to inspect family owned forestland to the Tree Farm Standard. The minimum qualification to become an inspector includes a 2 yr. or 4 yr. forestry degree from an SAF accredited program. All those wishing to inspect and certify Tree Farms must attend an initial face-to-face training class. There is no charge for taking the class.

Prior registration is required.
